DETAIL ACTIONS

Election/Restrictions

1. Applicant's election of Group I (Claims 1-23) with traverse is acknowledge. Claims 1-23 are remained for examination. Accordingly, claims 24-32 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Because Applicant did not distinctly and specifically point out the supposed error in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). Applicants have the right to file a divisional, continuation or continuation-in-part application covering the subject matter of the non-elected claims. The traversal is on the ground(s) that see the election paper. This is not found persuasive because the fields of search for method' and device claims are NOT coextensive and the determinations of patentability of method and device claims are different, that is process limitations and device limitations are given weight differently in determining the patentability of the claimed inventions. Also, the strategies for doing text searching of the device claims and method claims are different. Thus, separate searches are required.

The requirement is still deemed proper and is therefore made **FINAL**.

2. This application is in condition for allowance except for the following formal matters:

Drawings

3. **Submit figures 1-12.**

Abstract

4. Rewrite the Abstract with **one paragraph only**.

5. Claim 1, "A complementary bipolar semiconductor device" should be --complementary bipolar semiconductor (CBI) device--
"a first subnumber of **the** active bipolar transistor regions" should be --a first sub-number of **an** active bipolar transistor regions--
"delimited in **the** lateral direction" should be --delimited in **a** lateral direction--
"no deeper at **the** edge defined" should be --no deeper at **an** edge defined--
"wherein **the** region of an interface" should be --wherein **a** region of an interface--
Cancel claims 24-32.

Conclusion

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte, Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
